

RUDDER ANGLE INDICATORS

TRANSMITER

TYPE: TR

SCM
SISTEMAS

MODEL: TR-2S

FEATURES

- Rudder angle transmitter.
- Material: anticorrosive aluminium.
- Includes tapered scales:
Port: from 0° to 180°
Starboard: from 180° to 180°
- Up to two receivers can be connected.
- Ready to install in local servo.

TECHNICAL SPECIFICATIONS

Power supply	24 VDC
Power consumption	4 W
Operating temperature	-20°C to +60°C
Relative humidity	Up to 95% (non condensing)
Resolution	1°
Accuracy	0,5°
Weight	Approx 2 kg
IP-rating	65
